WHEELING AND NEW CASTLE JOIN

In Force a Change in the Present Guarantee Plan, Which Allows Other Teams to Rub Wheeling-A Series for the Second Season Championship Arranged with Warren. Wheeling Deteats New Castle Again

The true inwardness of the withdrawal of Oil City and Franklin from the Iron and Oil league, action that has placed that organization in a very shaky condition, has at last come out. It seems that the Franklin centennial celebration is to occur this week, and Oil City and Franklin management asked Presideat Power, of the league, to have the schedule, which calls for Titusville and Franklin to play at the latter place, changed so that Oil City and Franklin would be the contesting teams. On Power's refusal to accede to this propotion, Oil City withdrew and Franklin followed suit, and will play the games ss they desired. Such conduct, to say the least, is unsportsmanlike and dis-honorable, and calls down on the man-sgement of the two teams the severest condemnation of all fair-minded per-

The outlook for the league is about as loomy as possible. President Power, gloomy as possible. President Power, instead of getting out and doing a little husling sits in his Pittsburgh office and wants the four clubs left to con-tinue. New Castle and Wheeling have decided not to consent to a reorganization that compels Wheeling to pay out a 500 guarantee on the home grounds and receive but \$35 abroad. If the league is reorganized Wheeling will get as much abroad as she pays to visiting If the league is not reorganized

The Rambiers and Navarres.

This afternoon the Rambiers, the best amateur club in Wheeling, and the Navarre team, of Navarre, Ohio, will cross bats on Bridge park, Island, It was the intention to play on the league grounds, but as Titusville plays there to-day the game has to be played at the other grounds. On this account no admission will be charged. McCombs will pitch for the Rambiers. The Navarres will arrive this morning and will be accompanied by a band and a big crowd of adherents. teams. It the teague is not reorganish by the end of the present week it will be a corpse beyond resurrection. "What then?" is the natural inquiry of the Wheeling fan. So far as Wheel-ing is concerned it will not mean that ing is concerned it will not mean that the local team will disband earlier than the middle of September. After the games with Titusville to-day and to-morrow, there will be two games on Saturday with the leaders, the Warrens. At the request of a number of out-of-town admirers of the Wheelings, particularly of the enthusiasts of Barnesville and other Belmont county towns, one of the Saturday games will be played in the morning, immediately after the the morning, immediately after the lightle Bill parade, and the other will be called at 4 o'clock in the afternoon, just after the "Wild West" performance, by this arrangement the thousands who with a grangement the thousands who nil be in Wheeling to see the latter at-rection will have the opportunity to see the best base ball team that ever nore the wheeling unform. Furthis is not all. Next week is State

week, when the town will be filled rais week, when the town whi be miss with visitors from all parts of West Vir-ginia and the tri-state radius. Provid-ing that the effort to reorganize the from and Gil league fails, the Warren and Wheeling managers have entered into a screement to play a series of seven es to decide the second series chamsignship of the leagns. Four of these ames are to be played on the Wheeling round; and three at Warren. Socreary Barrows is trying to gain the consary narrows is trying to gain the con-sent of the Warren people to his propo-sition that the entire seven games be played on the Wheeling diamond. His srgument is that Wheeling will natur-ally turn out better crowds than War-

After the series with Warren, providng Wheeling is the winner, it is the in-cation of the Wheelings to play au-or er series of games, this time with the Franklins, who are the first series champions of the league. The result of that sories would determine the 1895 championship of the league, and nine fans out of ten believe that the local team will win both championships,

Late last night the New Castle man-scennent withdrew from the league, leaving only warren, Wheeling and Cetron, so that it is practically dead, and the programme outlined in these columns will be carried out,

AN ERGORDESS GAME.

Wheeling Clinches the Hold on Second Place by Again Defeating New Castle.

The Wheeling team clinched their hold on second place in the Iron and Oil league race by defeating the New Castles in the second and concluding gam+ of the series. Harry Staley, the ex-Brown, was in the box for the locals and was hit pretty freely after the third inning. However, the hits were scat-tered well and the magnificent work of the boys in the field—not an error was tade—apt the runs away down. The visitors with eleven hits had but three runs while the Wheelings only got ten sale hits off Michael and Monroe, but als nine runs. Davis Catches a Watch.

A feature of the afternoon at the Island bail park was the presentation by many admirers of a gold watch to Catcher Davis, of the Wheeling team. The presentation took place in the eighth inning, after Wheeling had won the game. Last week when Conover was given a watch in the fourth inning he became nervous and the result was that Whoeling's straight victory streak came to an end. For that reason the Davis presentation did not occurrentlier in the game. Hon. George B. 5:00 trot; purse \$250; Red Asron-Shields & Rhodes, Youngstown, Ohio Mat Sulfau.
